

## PASSPORT 2007: Opening From the Desktop (On Campus)

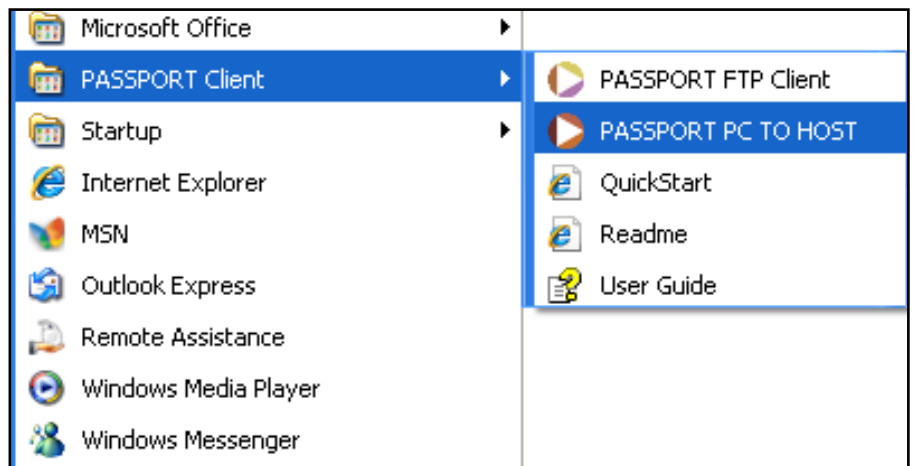

1. Click on the "Start" button on the bottom left-hand side of the screen.

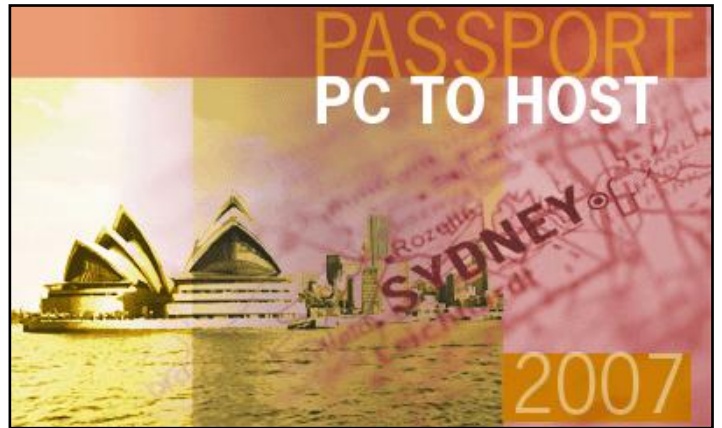

2. Select the "All Programs" option to display the programs menu.

3. From the programs menu, highlight "Passport Client", then select "PASSPORT PC TO HOST".

4. You will see the following image as the newer version of Passport opens.

This completes the process for opening Passport 2007 from the desktop. If you need technical assistance, please contact Support Central at 210-485-0555 and select Option 4.
